Vision :

We aim to be among industry leaders having core belief in “creating solutions to make life easier”. We strive to be socially responsible and customer centric employer of choice with global footprints.

Mission :

Our mission is to continually develop quality solutions while maintaining profitability to the benefit of our customers, employees, and community. We aim fueling nations growth by offering leading edge technology and harnessing our state of art manufacturing infrastructure with the help of passionate and energetic team. Mindful of our responsibility, we are committed to upholding rigorous environmental, social, and governance practices, ensuring a sustainable and inclusive path forward for generations.

OVERVIEW

Perfect House Private Limited® is a 60+ years old business conglomerate with operations spread across India.

We operate in the following sectors of industry:

- » Generators
- » Agricultural Equipment
- » Solar Power Solutions
- » Leasing services - Gensets / Solar / light towers
- » Mobile Lighting Towers
- » Suzuki Out Board Motors
- » IT Solutions

GENSETS MANUFACTURERS

In Gensets, we have the widest range of offerings: From 1 KVA to 3000 KVA output, with various fuel options like LPG, CNG, Petrol & Diesel. We cater to both Residential (Portable Gensets) and Industrial (Diesel Gensets) segments. We have partnered with world’s renowned companies like Kubota Corp. Japan, Mitsubishi, Sawafuji Electric Company Ltd & Eicher Engines India, Tafe Motors Tractors Ltd (TMTL), Baudouin, Suzuki Marine, Perkins & Kohler Elemax to make sure we deliver products & services that exceed customer expectations. Our generators have been named the best in fuel economy, cost of ownership, reliability and class service. We have a 24/7 call line and almost 150 service dealers spread across the country. Our generators have a 5,000 hour warranty. All of our manufacturing happens at the Perfect Factory in Satara. A production area of 50,000 sqft and warehouse area of 15,000 sqft facilitates an annual capacity of 36,000 pieces!

PERFECT PARTNERSHIP WITH

Our Certification

MANUFACTURING FACILITY

Our Factory situated at Satara district, Maharashtra is a state of the art facility with advanced technology and highly motivated employees. The business process includes highly advanced CNC punching and bending machines, high tech in house powder coating equipment with 9 tank pretreatment process that gives out superior quality products.

Control Panel

Perfect House Pvt Ltd. (PHPL) manufactures a complete range of low voltage electrical switchboards. All switchboards are manufactured as per IS-8623. PHPL also supplies IEC-61439 switchboards and fully type tested switchboards as required by the customer. We uses quality components in every stage of production to maintain high standard of switchboards, provides optimum solutions to customer. needs with due understanding of the requirement as per site conditions.

1. POWER CONTROL CENTRE (PCC)
2. MOTOR CONTROL CENTRE (MCC)
3. POWER & MOTOR CONTROL CENTRE (PMCC)
4. INTELLIGENT MCC (iMCC)
5. AUTOMATIC POWER FACTOR CORRECTION PANEL
6. DG MANUAL/ AMF PANEL/ ATS PANEL
7. SYNCHRONIZING PANEL
8. AUTOMATION PANEL USING PLC
9. DRIVE PANEL
10. DISTRIBUTION BOARDS (DB)
11. FEEDER PILLAR
12. CONTROL & RELAY PANEL
13. LIGHTING DISTRIBUTION BOARD (LDB)
14. LOCAL PUSH BUTTON STATION (LPBS)

Additional Features

With in-house Design & Development team, PHPL can cater to diversified market segments with varied needs.

PCC with different incomers and combination of outgoing switchgears

MCC panels with different types of starter option viz. DOL, STAR-DELTA, REVERSE FORWARD, SOFT STARTER, VFD

APFC panel - contactor switching , Thyristor switching; with and without harmonic filter

Cable entry - Top / Bottom / Busduct entry

Modular construction / Welded construction

Single & Double front

Single & Two tier

Constructional Details

Sheet metal Fabrication - CRCA/Aluminium Sheet steel

Busbar work - Aluminium / Copper

Form of separation - 2a/2b/3a/3b/4a/4b

Ingress Protection - IP-42/IP-54/IP-55/IP-65

Fault level - 25 kA / 50 kA / 65 kA / 100kA for 1 second

Powder Coating - 9 tank pretreatment process

Color - RAL 7032/ RAL 7035

PERFECT GENERATORS

Powered by  **TMTL**

Diesel Generators (5 KVA to 125 KVA)

Perfect's diesel generators powered by Eicher / TMTL engines are used across a wide range of residential, commercial and defence installations for a variety of heavy duty applications. Rated between 5 to 125 Kva, our diesel gensets are the industry's leading products for these reasons:

-  **Outstanding Fuel Efficiency:** Modern engine ensures optimum use of diesel
-  **Superior Reliability:** Backed by a base of 1.25 lakh satisfied customers over decades
-  **Lower Maintenance Costs:** Precision engineered products that ensure lower cost of operation & maintenance
-  **Benchmark Quality:** Engines & alternators undergo robust testing at NABL laboratories and conform to stringent emission & sound standards as per CPCB
-  **Longer Warranty:** 5 year extended warranty

PERFECT GENERATORS

Powered by  Baudouin

Diesel Generators (200 KVA to 3000 KVA)

For 100 years, Baudouin has designed and manufactured the highest quality diesel engines for power generation and marine applications upto 3000 Kva, a range that few engine manufactures can match. You can expect reliability, durability and excellent total cost of ownership from Perfect Powered Baudouin Generators.

 **INTERNATIONAL WARRANTY** : With a global network of 200 partners

 **BEST FUEL EFFICIENCY** : Low cost of ownership

 **100 YEARS OF HERITAGE** : From humble beginnings in Marseille, 1918

 **HIGHEST BLOCK LOADING** : More than 50% block loading capability

 **DUPLEX TYPE OIL FILTER WITH ELECTRIC PUMP** : Helps to reduce Friction and better start ability

 **EXTENDED WARRANTY** : Additional warranty of 2 years on complete genset

THE ULTIMATE OUTBOARD MOTOR

Outboard Motors have changed the way we get around on the water. We no longer need to develop strong arms or limit the length of your cruise to row back safely because outboards gladly do that for us! SUZUKI launched its first Outboard in 1965 & have been industry leaders with multiple international awards till date.

Perfect House Pvt Ltd became a distributor of Suzuki Outboard Motors in the year 2021. Leading the industry with innovative technology, Suzuki offers world-class 4-stroke & 2-stroke outboards, giving the Ultimate outboard motor experience. SUZUKI Outboard Motors are available in various model combinations, ranging from 2.5HP to 350hp (4-Stroke) & 9.9HP to 40HP (2-Stroke).

We have already supplied, commissioned nearly 1,000 nos. OBM's with various customers, across India.

Our PAN India Service Network and our trained service engineers, ensures the swiftest possible service with a minimum of down time. We assure you our best attention and services at all times..

TECHNOLOGY

Leading the industry with award-winning technology and designs, Suzuki outboards provide features and benefits that make boating more enjoyable.

SOLAR POWER

Perfect House takes its vision to become India's #1 provider of eco-friendly & renewable power solutions very seriously. This has been reflected in our move towards providing sustainable renewable energy solutions to our customers across industries spanning Defense, Government, Corporate and Retail through various business models like Opex, Capex and RESCO.

Perfect's End-to-End EPC Solutions

Perfect offers Solar PV Plant customers end-to-end servicing and solutions for

Rooftop Solar Power Plants

Rooftop PV systems have photovoltaic modules, mounting systems, cables, solar inverters, and other electrical accessories. These electricity-generating systems are mounted on rooftops of residential buildings, commercial buildings, or other structures.

Utility Scale Power Plants

These plants are suitable for government, commercial, institutional and residential buildings, as well as for banks, with financing options starting from 1kW onwards.

Capex (Capital Expenditure Model)

In this model, the entire investment comes from the power consumer. Consumer generally hire a solar EPC company who provide turnkey installation of entire solar power system and handover assets to consumers. EPC also do annual operation and maintenance (O&M) of plant on mutually agreed cost per annum.

RESCO (Renewable Energy Service Company)

RESCO is less capital intensive wherein the rooftop owners consume the electricity generated, for which they must pay a pre-decided tariff monthly. Thus, for consumers, it is a low-cost intensive option.

INFORMATION TECHNOLOGY SOLUTIONS

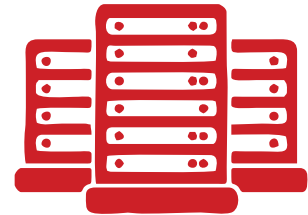

NETWORKING

FABRICATION & ENGINEERING

Metal Products and Applications

Perfect House focuses on highest level of detailing and quality control for manufacturing MS and SS products and applications. With highly qualified personnel and automatic machinery Perfect delivers products for customer satisfaction. Our export quality material is spread worldwide through our customers.

 Superior powder coating quality with automatic Gema (Switzerland) machinery

 In- house shot blasting and liquid paint set up for top class finishing

 Precision laser cutting for most accurate finishing

 CNC pipe bending for perfect radius and wrinkle free bends

 Qualified welders for passing global standards of fabrication

PERFECT MILESTONES

Exports

To Different Contry Vietnam,
Africa, Thailand, Nepal Etc.

10000+

Supplied gensets
to Defence

800+

Supplied units to
Prestigious Courts
around India

100MW

Producing & Maintaining
of "Power on Lease"

TESTIMONIALS

“ Their overall performance and product have been found to be satisfactory

“ Gensets installed are working well and are satisfied with the product performance

“ We have purchased DG sets & we are more than satisfied with the quality of the products and the services rendered to us:

“ We are extremely satisfied with the quality of the product & after sales services by your team

“ We are extremely satisfied with the quality of the product & after sales services provided by your team.

“ Their overall product performance and after sales service have been satisfactory

“ We satisfied with the DG sets & the quality of the products and the services rendered by Perfect House Private Ltd to us:

“ TMTL was the only Genset Manufacturer to receive Award in any of the category
